

ILS and Marketing office is moving to new campus

Dear Partners,

We are happy to inform you that ISI Language school is growing. The capacity of school is now double as it used to be and we will now move to a larger school building, which is in better location. At same time, our marketing division is moving to the same building for better and close service.

This new campus is located near Takadanobaba station; one minute from Tokyo Metro Tozai line Takadanobaba station, and 3minutes walk from JR Yamanote line Takadanobaba station. It is just 5minutes walk from our group school; ISI Tokyo campus. From current ISI Language School building, it is 20minutes away on foot, and by train, it is just next stop from Shin-Okubo.

At new campus of ISI Language School, we will have more classrooms, and more staffs to provide better service and satisfied education. Please visit us on your chance. We look forward to continued business in the future.
