## *to you ...*

### IF YOU ARE CONSIDERING STUDYING IN JAPAN...

Studying abroad could be an exciting challenge in your life and a chance to discover a new side of yourself. To ensure that you have a wonderful experience in Japan, ISI Japanese Language School promises to provide comprehensive support.

We are ISI Japanese Language School.

## DISCOVER THE *NEW* YOU

We shot a new concept visual with ISI Japanese Language School students under the slogan "DISCOVER THE NEW YOU".

The key visual represents one of ISI's most appealing features: diversity. We also hope that it is a good chance for you to discover a new you by experiencing living and studying in a foreign country with your peers from all over the world.

# Why ISI?

## ✓ The best learning environment for each individual

By combining digital tools such as a management system that allows you to check your progress online and the app "Monoxer" that helps you solidify your vocabulary and kanji skills, we have made Japanese language learning both efficient and practical with original teaching materials. We provide learning that is tailored to each individual.

## ✓ Activities

We offer a variety of extracurricular classes for "exchange" and "experience". While experiencing traditional Japanese culture such as kimono, festivals, tea ceremony, Japanese cuisine, Japanese gardens, shrines and temples, students will improve their overall Japanese language skills and acquire communication and expression skills.

## ✓ Support from School entrance to Post-Graduation Career Pathways

Professional counselors provide free multilingual support during pre-enrollment procedures. After enrolling, in addition to classes, professional career counselors will support you in continuing your studies and finding a job, so that you can realize your dreams after graduation.

## ✓ Campus Design and Facilities

Spatial design to make your study time more comfortable. The entire school is equipped with Wi-Fi, and other facilities including study rooms, a library corner, a lounge, a cafe, a Japanese-style room, and a prayer room.

## AWARD, Certificate

ISI has won grand prizes and awards in the Study Star Awards, the "Oscars of the study abroad industry," for its quality of education and service.

## ISO, Certificate

Four ISI Japanese Language Schools have obtained ISO29991 certification, the international standard for language learning services.

# New You STORIES

Lauren

Now I can understand all my classes in Japanese. ISI truly offers a fully immersive environment where you're surrounded by the language every day.

Andy

The people I met at ISI are what I'll remember most. I'll return home to study Japanese history—and I hope to come back to Japan again soon.

Keles

I decided to study in Japan because I wanted to live in a beautiful, safe and peaceful country. After studying at ISI's Harajuku Campus, which specializes in job placement, I got a job at the largest EC company in Japan.

Bunya

I enrolled with the goal of finding a job in Japan. Thanks to the teacher who practiced interviews with me one-on-one, I was able to land a job in Japan.

Lin

Learning a language other than your own is like gaining a new lens through which to see the world. At ISI you can discover new lenses and amazing people.

Hernan

Every day is a new discovery. Even if the culture is completely different, by learning the language you will be able to understand the other person's way of thinking and customs.

## WE SUPPORT *more than* 10,000 STUDENTS *annually* *from over* 100 COUNTRIES *and* REGIONS.

ISI Japanese language school attracts students from all over the world.

We also provide comprehensive support in various languages to help you choose the best course for you from schools and nine campuses in four cities that are tailored to your individual goals and future aspirations.

Teachers provide personalized and attentive support for each student's study program along with career counseling.

Hugo

If you are aiming to find work in Japan, ISI is recommended. This is because there are teachers who teach you interview techniques and are always there to support you.

Tyler

Life both inside and outside of school is very fulfilling. At school, I enjoy spending time with friends from countries I have never met before.

Anh

I decided to study in Japan because I wanted to discover new things while learning about the economy in a developed country. The teachers are friendly and there are plenty of extracurricular activities.

Angel

I have so many great memories—from speech contests to amusement park trips. Next, I'll study Fashion Business at a college in Tokyo!

Josh

I highly recommend ISI, especially the Nagano campus. It's a great place to participate in a variety of events and meet a variety of different people.

Mansi

It was a truly wonderful experience for me to make some good lifelong friends at ISI. I still keep in contact with those friends.

# OBJECTIVE #01

## Further education

Enter a graduate school, university, junior college, or vocational school in Japan.

For these purposes

-  I want to enter a prestigious university or graduate school in Japan.
-  I want to go to a university or graduate school where I can study subjects unique to Japan.
-  I want to go to a junior college or vocational school in Japan.

### Support for entering prestigious universities and graduate schools based on your academic ability

We have a proven track record in sending many of our graduates to difficult-to-enter universities and graduate schools. We will lead you to pass required exams with our highly-specialized teaching abilities.

## 3 POINTS ISI will guide you towards your desired career path

### Proven academic achievement record

ISI Japanese Language School's comprehensive and reliable career guidance is reflected by the high rate of students successfully entering higher education in Japan.

We continue to produce many successful applicants to a wide range of prestigious schools, from top national universities and famous private universities to professional universities.

### High-level academic guidance

Using the experience and knowledge that we have built up over the years, we work thoroughly with each student to enhance the student's ability to take entrance exams by providing detailed guidance on how to write school-specific application forms along with interview practice.

### Quality education and technology

ISI Japanese Language School provides advanced Japanese language education by utilizing its long-accumulated knowledge and experience as well as proactive introduction of digitalized education.

## FEATURES

### ISI Japanese Language School's unique approach to help you advance to higher education in Japan

#### ☑ Top University Preparation Class:

(Shinjuku Main Campus, Shinjuku Prime Campus, Takadanobaba Academic Pathway Campus, Osaka Campus, Kyoto Campus)

We offer a special advanced class for students who wish to enter difficult-to-enter universities and graduate schools in Japan. The pace of these classes are faster than the regular curriculum, and every year many students advance to prestigious universities and graduate schools.

#### ☑ Electives:

Once you reach Intermediate II level and above classes, you can take elective classes for graduate school entrance, EJU exam preparation, and JLPT exam preparation. Students will acquire the necessary examination preparation and Japanese language skills to enter higher education in Japan.

#### ☑ Preparatory school operation ( for Chinese language speakers ):

Our School also manages a preparatory school for higher education. The collaboration between the Japanese language school and the college preparatory school enables us to build a seamless educational system and provide a rational and practical educational program.

### Improving academic advancement through AI learning

- ☑ ISI has introduced the AI learning app "Monoxer," which provides repetitive learning optimized for each individual learner. It is equipped with original ISI learning content, making use of the know-how of Japanese language education that has been cultivated over many years. By using the power of AI to improve learning efficiency, such as efficiently solidifying vocabulary and grammar and maximizing the effectiveness of daily learning, we will provide solid support on the path to passing the school of your choice.

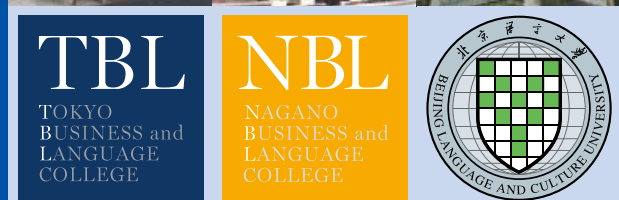

### Varied educational pathways

#### ☑ Admission to Group School:

Students have an advantage when entering vocational schools and universities operated by the WEWORLD group. There are application privileges only for ISI Japanese language school students, and we have a full support system including preparation of application documents and visa renewals.

#### ☑ Enhancement of designated school recommendations:

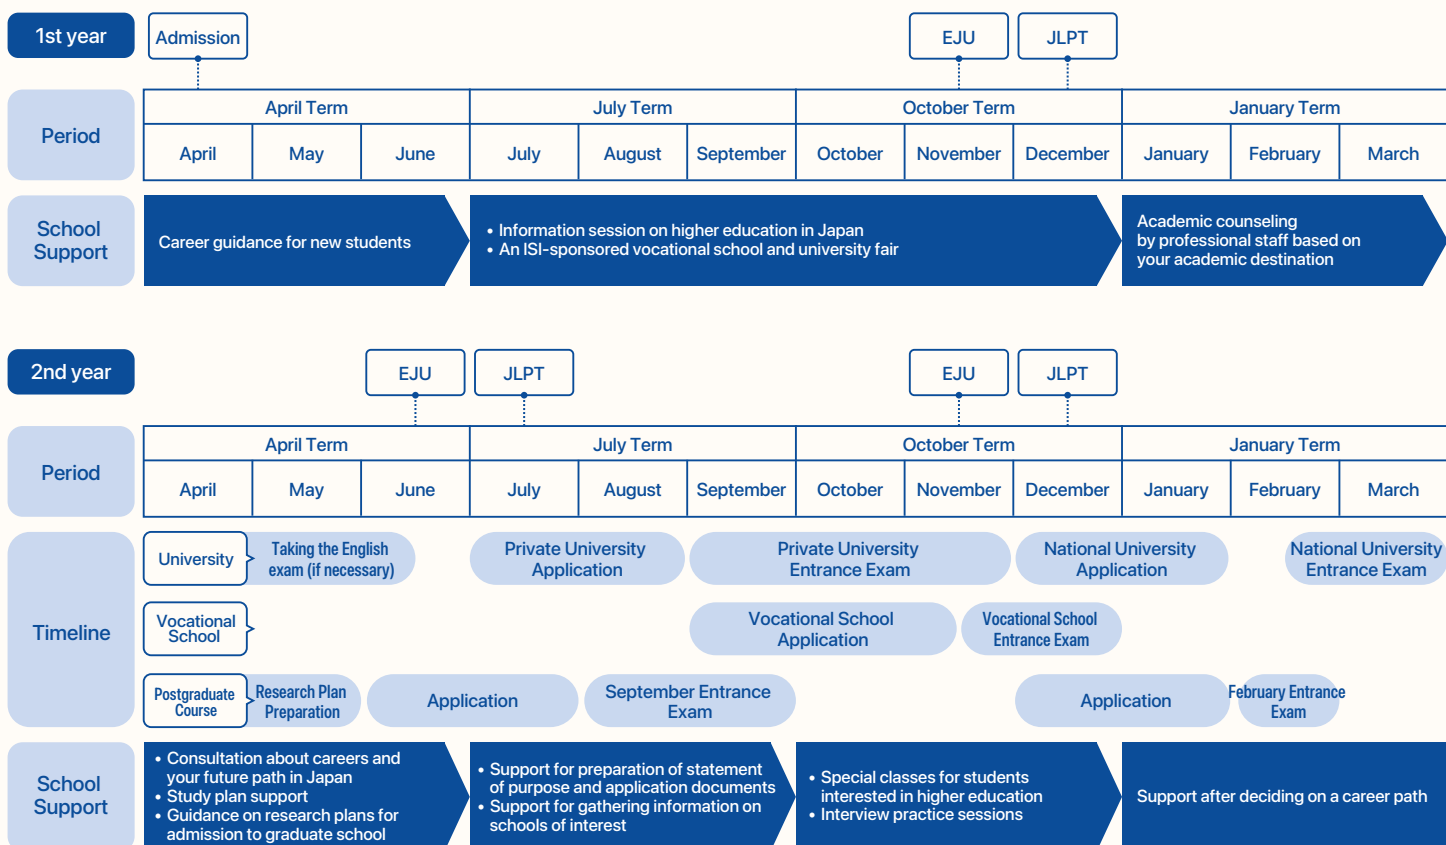

ISI Japanese Language School has received designated admission slots for recommended students from higher education institutions throughout Japan, and many students have taken advantage of these opportunities. These recommendations not only simplify the examination process, but also allow students to receive tuition discounts and scholarships.

# ACADEMIC COUNSELING

## Academic Support Process from Admission to Graduation (April enrollment, 2-year course)

\*The timing differs depending on the school year.

### Class teachers and career advisors work together to provide career consultations from the first year

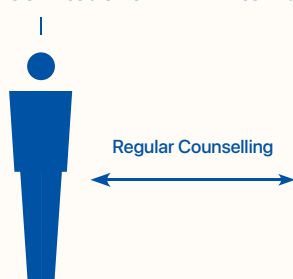

ISI has career advisors who specialize in further education and finding employment. In addition to daily consultation support from class teachers, students also receive individual career counseling from their first year. Teachers and advisors work together to provide support tailored to each student's goals.

### Supporting students in choosing their career path through events that make a difference

ISI hosts the Career Expo, where popular universities and vocational schools from around the country gather together and give attendees the opportunity to hear directly about the characteristics of each school and information about their entrance exams. In addition, the university holds information sessions and campus tours throughout the year. This is the kind of practical and comprehensive support that is possible only because we are one of the largest Japanese language schools in Japan.

## Student VOICES

ISI has excellent facilities and equipment. My class is friendly and the teachers are very kind, especially my homeroom teacher. They are happy to help with any problems you may have and even conduct mock interviews before exams. And he always encouraged me.

Wang Yiru

University of Tokyo, Faculty of Science, Department of Science 2, Tokyo University of Science, Faculty of Science and Engineering, Hokkaido University, Department of Chemistry, Hokkaido University, Faculty of Science, University of Tsukuba, School of Science and Engineering, Department of Chemistry, University of Tsukuba, School of Science and Engineering, Waseda University, School of Advanced Science and Engineering, Tokyo University of Science, School of Advanced Engineering, Department of Materials Engineering

The school is clean and convenient. The atmosphere in the class is good and everyone is eager to learn. The teachers were very responsible and not only did they help me think about what kind of school would be best for me, but they also supported me by correcting my application essay and practicing for interviews.

Jia Xiaoping

Ritsumeikan University, Faculty of Business Administration, Department of Business Administration; Doshisha University, Faculty of Commerce, Department of Commerce

I'm glad I chose ISI. The teachers were kind, funny and caring towards me. My classmates are all international, unique and fun people. The atmosphere was always relaxed and friendly both during and outside of class.

Shu Tianyi

Waseda University, School of Social Sciences and School of Culture, Media and Society, Admissions

One of the attractions of ISI is that in addition to learning from textbooks, you can have a variety of new experiences. I was able to choose employment-related classes while preparing for the exams, and I was able to get a lot of information about schools at the Career Expo, which was very helpful in thinking about my future path.

# OBJECTIVE #02

## Finding work

Find a job and advance your career in Japan.

For these purposes

-  I want to work in Japan.
-  I want to build or restart my career in Japan.
-  I want to find a way of working in Japan that suits me.

### Make your dream of working in Japan come true at ISI Japanese Language School

Over 1,000 students enroll in this program every year with the goal of finding employment in Japan.

## RESIDENT *Statuses*

### Two types of working permit statuses that ISI focuses on

ISI Japanese Language School supports you in obtaining the following working visas:

Engineer / Specialist in Humanities / International services (See page 24)	
This is a status of residence for those who have a university degree or equivalent or significant work experience, and who wish to work for a Japanese company or organization making use of their skills.	ISI Japanese Language School will help you develop the Japanese language skills, business skills, and social skills required by companies, and at the same time, back up your overall job-hunting activities with career support, which is one of ISI's strengths.
Specified Skilled Worker (See page 25)	
This is a status of residence that allows foreign nationals to work in Japan if they possess a certain level of skill or knowledge in a specific field and pass an examination related to their Japanese language proficiency level. This is a good option for foreign students, regardless of their academic background, who wish to acquire skills and work in Japan.	ISI Japanese Language School will support students in the "Accommodation" and "Food service" industries by helping them improve their Japanese language skills, obtain the Specified Skilled Worker visa, and find employment. We also plan to expand our support in the "transportation industry" and other fields where driver shortages are becoming an issue.

Aiming to find a job and advance your career in Japan by utilizing your knowledge and experience.

## FEATURES

ISI Japanese Language School's unique approach to help you advance to higher education in Japan

✓ **Japanese language skills:**

Students will learn the basics of Japanese language skills as well as practical "Japanese for business" according to their stage of study, while also learning conversational Japanese, Kanji, grammar and reading comprehension in a well-balanced manner.

✓ **Business skills:**

Students will learn skills necessary for various business situations, such as answering phone calls, emails, meetings, business negotiations, presentations, etc., and learn how to adapt to Japanese job hunting and corporate culture.

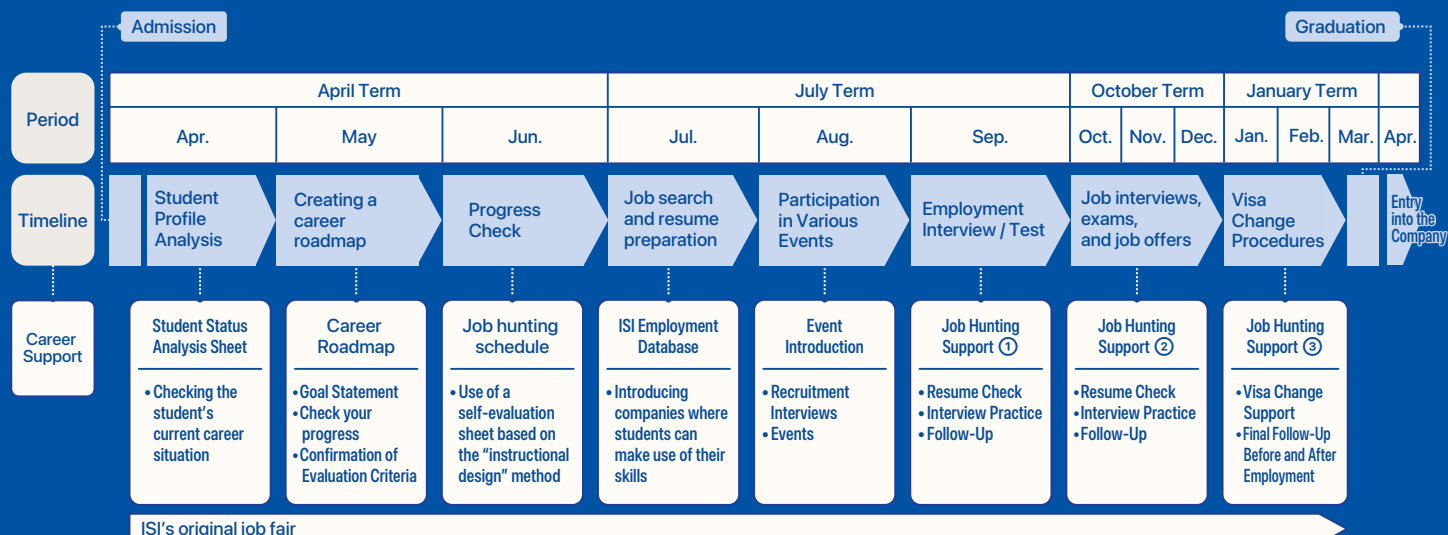

✓ **Social skills:**

As one of the "group activities (cooperative learning)", we conduct collaborative projects with companies and universities beyond the framework of a Japanese language school. This program enhances students' skills to understand others' situations and feelings, and to proactively carry out their own roles in collaboration with others.

## CAREER COUNSELING

Employment support process from enrollment to graduation (Example of a student starting at "Advanced" level in April)

# SPECIFIED SKILLED WORKER VISA

Study to obtain "Specified Skilled Worker No.1" status of residence.

By acquiring basic Japanese language skills and passing a skills assessment test, students aim to find employment in fields where there are active recruitment plans.

## FEATURES

**Our experienced staff will help you connect with companies**

- ☑ We will introduce part-time jobs related to the accommodation and food service industries with the goal of finding employment under the Specified Skilled Worker No.1 system.
- ☑ After passing the skills assessment test, we will introduce (match) you to job opportunities at our partner companies.
- ☑ We will support you in applying for permission to change your status of residence after receiving a job offer.

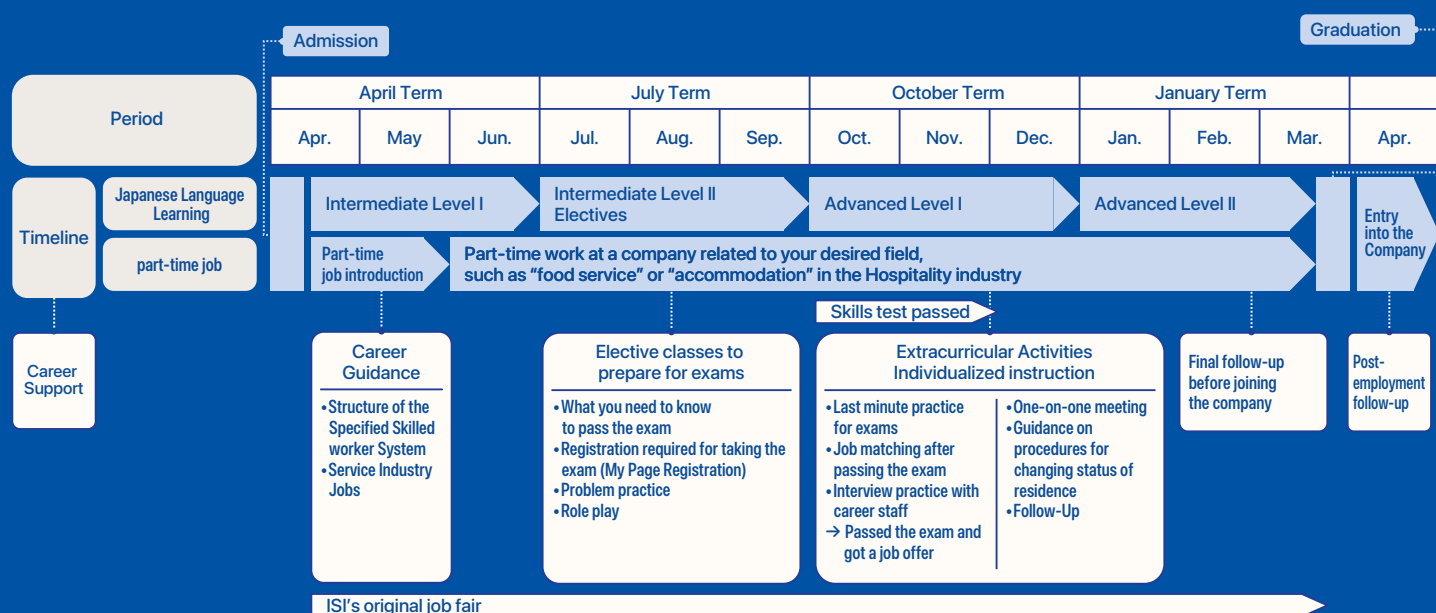

**Programs that lead directly to employment**

- ☑ Elective classes allow students to plan and study in order to pass the skills assessment test.
- ☑ You will repeatedly attempt exam preparation questions using the LMS\*.
- ☑ The Career Center and specialized staff will provide you with extensive support.

# #03

# FEATURES

## An environment where you can enjoy and experience Japanese culture and hobbies

### ✓ Good location and excellent facilities for safety and security:

All ISI Japanese Language School campuses are located in the center of each city, within a 10-minute walk from the nearest station, making them conveniently located for daily access. This is an environment where you can study Japanese, as well as enjoy your hobbies and go sightseeing.

### ✓ A wide range of school events and activities:

Enjoy a variety of events and activities that reflect the four seasons in Japan. Each school has its own seasonal events planned. We offer many experiences throughout the year, such as park walks, BBQs, Tanabata celebrations, sports events, and visits to cultural facilities.

### ✓ A variety of exchange opportunities:

Students are able to interact not only with international students from around the world, but also with the many Japanese students enrolled in schools belonging to the WEWORLD group. We also value our ties with the local community, and students can experience local culture and Japanese lifestyle through interactions with local people.

## Even if your goals change, you can choose from a variety of career paths

### ✓ A support system tailored to your needs:

ISI Japanese Language School has a system in place to support students flexibly according to their needs, so they will be fine even if their goals change during their study in Japan. The school also provides excellent career guidance for higher education and employment, allowing students to study with peace of mind.

# Student VOICES

Going to the izakaya with my friends after class was definitely the highlight of my time at ISI. Those fun, unforgettable hours are something I'll always treasure.

James

I became interested in Japan after watching Japanese anime. I chose ISI because of its multinational student population, so that I could speak as much Japanese as possible.

Zhou

I was interested in Japanese games and anime. Because of this, I studied abroad in my late 20s. I am glad that I was able to have the adventure of studying abroad at this point in my life.

Mattis

I loved spending time with friends after class—doing picnics or visiting restaurants. My time in Japan will help me in my future architecture studies.

# COURSES

## Long-Term Course

This course is available for those with the intention of studying from 1 year to a maximum of 2 years with a student visa.

\*Shibuya-Harajuku • Takadanobaba Career Pathway Campus is 1 to 2 years, and Nagano Campus is 1 year and 6 months to 2 years.

## Short-Term Course

This course is for students coming to Japan with a residency status other than a student visa, who wish to study Japanese for at least 2 weeks.

\* Those who wish to be enrolled for 1 year or more on a working holiday visa or a Japanese spouse visa may also take this course.

### Short-Term General Japanese

Students can take classes for as short as two weeks, allowing them to learn Japanese well even in a short period of time. Students learn the major practical components of the language ("listening," "reading," "speaking," and "writing") and language knowledge ("vocabulary" and "grammar") systematically according to their Japanese level.

### Summer Program

This is ISI Japanese Language School's original and popular summer program that combines Japanese language lessons with a variety of activities.

The program emphasizes exposure to various aspects of Japanese culture in order to improve communication skills in Japanese in a short period of time, and has a growing number of students repeating the course.

### Short-Term Career Japanese

This course is designed for those who wish to improve their Japanese language and business skills at the same time and advance their careers in a short period of time. Students will learn practical "Japanese for business" from beginner level, aiming to master Japanese communication necessary in business situations, appropriate keigo expressions, and written and spoken Japanese.

### Winter Program \*Subject to change

In Nagano, a snow resort area, participants will experience skiing, hot springs, cultural experiences, and international exchange while learning Japanese. This program is highly reputed for its significant improvement in Japanese language skills, as students study in classes at the most appropriate Japanese level and use the language they have learned in the activities.

### Evening Course

This course is for those who want to learn while working or for those for whom daytime classes alone are not enough. Three times a week on weekdays (19:10 - 20:50), students can make use of their evening hours to study Japanese conversation intensively and polish their conversational skills for everyday situations. You can also choose to study online in a hybrid format, so you can continue the course without any stress.

### Private Japanese Lesson

By having a meeting with each student in advance to discuss in detail his / her learning goals, Japanese level, and course schedule, etc., we are able to provide individualized and optimal Japanese language lessons that meet each student's needs and desires. We also offer personal lessons and group lessons for companies.

# PROGRAMS *for* Educational Institutions *and* Companies

ISI Japanese Language School offers customized plans for schools, companies, and organizations based on specific needs, learning objectives, and goals. From the selection of study content to the scheduling of lessons, we can tailor the plan exactly to the learner's needs, allowing everyone from beginners to advanced students to learn Japanese efficiently.

## Group Program

We offer a variety of Japanese language study plans for schools and groups. In addition to Japanese language study plans tailored to your level, we can also customize plans that include popular activities and seasonal events in Japan, as well as university tours for students who are considering higher education in Japan. Please feel free to contact us for more information.

## Japanese language programs / training for companies

We provide Japanese language learning support and training programs for foreign personnel. Our customizable curriculum is tailored to meet company-specific needs and job descriptions, and aims to help students acquire Japanese language skills that will put them to work right away. High-quality instruction by experienced instructors ensures smooth communication in a cross-cultural environment and helps companies succeed.
